production possibilities

A shift to left 15 when you have. lost resources

gained Factors. prod.

a shift to right 15 When you have. gamed (or found) resources (ie growth) ie. Factors of Production

Examples!

growth (Shifts right) happen when we gain-factors of production so now we Can produce both more Toyotas + Tanles,

- New Technology is developed,
- We Create a new factory
- More money is invested
- haws Change that allow more people to work.

Law of increasing Costs (P.17) in text.

(This explains why TPC is Curved).

As we switch from Tanks to Toyotas it may mean resources are not used for their best purpose of this increases for their best purpose of this increases the Cost.

L not just \$\frac{4}{5}\$, "exportunity cost" but cost is "exportunity cost"

MORE PRACTICE WITH PRODUCTION POSSIBILITIES

She nat	ow on a production possibilition's production possibili	ilities curve hov ties.	w each of t	he following	g ovents wo	· · · ·	H.

d. The completion of a highway between a rural area and an urban area.

PRODUCTION POSSIBILITIES

Write the letter of the graph which best depicts the impact of the following situations on a nation's production possibilities.

- 1. Labor force cut in half due to zombie apocalypse _____
- 2. The unemployment rate increases from 1000 of 12% ______
- 3. Workers receive new training _____
- 4. A country's population begins to age _____
- 5. Steel plants in nation are temporarily shut down
- 6. Factories that were closed are reopened _____
- 7. A large number o new manufacturing facilities are built ______
- 8. A nation suffers loss of infrastructure)roads, airports, telecommunications) as result of war

PRODUCTION POSSIBILITIES

Write the letter of the graph which best depicts the impact of the following situations on a nation's production possibilities.

- 1. Labor force cut in half due to zombie apocalypse _____
- 2. The unemployment rate increases from 105 to 12% _____
- 3. Workers receive new training ____
- 4. A country's population begins to age _____
- 5. Steel plants in nation are temporarily shut down
- 6. Factories that were closed are reopened _____
- 7. A large number o new manufacturing facilities are built _____
- 8. A nation suffers loss of infrastructure)roads, airports, telecommunications) as result of war
